

# PRODUCT INFORMATION

## AUTOMOTIVE

---

This professional tool set offers the right tool for many day-to-day jobs in the car repair shop. The XT8 EXACT cuts thin-walled components almost burr-free. The brushes included make it easier to clean and remove lacquer from workpieces. The XT35 CROSS has been designed for cutting and light grinding work, such as burr removing, in a single operation. The LSZ F VISION offers an unobstructed view of the workpiece to help minimise errors during grinding. This saves time and money, particularly when processing thin-walled components such as mudguards.
